New real estate forms and agreements will go into effect due to a recent settlement between REALTOR® Associations and the Department of Justice. This isn't just some minor updating - we're talking revised Purchase Agreements, Listing Agreements, Buyer Rep Agreements, and a whole new library of compliance addendums.

Using the old, non-compliant forms opens you up to potential legal risks and penalties that could cost you dearly. Included in the coverage are vital Leasing Form changes, plus revisions to Purchase and Listing Agreements.
